For data sheets / specifications of the kit individual components, visit the Pomona web site at: www.pomonaelectronics.com

FEATURES:

- Test leads with a right angle banana plug are ideal for use with hand held digital multimeter.
- Flexible test leads feature high strand count silicone wire for extreme flexibility and high temperature resistance.
- Banana plugs are molded directly to the wire for superior pull strength.
- Wear indication with double insulated (dual extruded) silicone leads shows white inner layer for increased safety.
- Insulated extended fine point adapter allows easy access of hard to reach test points.
- Probes, alligator clips and spade lugs fit directly onto test leads for testing versatility.
- Test accessories conveniently store in the four-fold nylon pouch.
- Compatible with most multimeters that accepts safety style sheath banana plugs.
- CE Compliant; complies with IEC 61010-031 standard for hand held accessories.
